

Instruction

How to use Lolland Vand A/S' water kiosk

(Thestrupvej, Rudbjergvej, Hjulsporet og Havnevej)

1. Insert key - and leave it in the control panel while tapping water.
2. Prepare hoses, etc. and open valves on both water kiosk and truck.
3. Press "Start".

Within 30 seconds, after pressing "Start", water have to be tapped otherwise, the system will shut down and Lolland Vand A/S must be contacted.

4. Finish tapping by pressing "Stop".
5. Close valves on both water kiosk and truck.
6. **IMPORTANT!** Do not remove the key before the display shows "Tag nøglen ud".

If any problems occur with the system, please contact:
